

Recording a Podcast with the Roland Recorder

Note: Roland Recorders are available for use at the [IT Help Desk](#). You can view the [owners manual](#).

How to Record

1. **Power on** the device by switching down the **“power switch”** until the screen lights up

2. Press the **“record button”** in the center to go into **“Standby Mode”**, then *press again* to record

3. Press the **“stop button”** when you are done, your recording will be saved
